Please remember...

- **Swedish VAT is excluded when shipped to countries outside the E.U.**
- Note that PLUS-orders give you more options, read more on our website.
- For orders to be delivered within the European Union, please go to <http://diadirekt.com/>
- You need not count the originals you send to us, as our equipment automatically counts them during transfer. You will only pay for the number of images we transfer.
- We do not handle framed and mounted paper photos or photos still kept in photo albums. We cannot handle photos with glue or scotch tape left on them.
- If you do not want your old originals in return, the environmental impact is lower. We will keep them one week after your discs have been delivered, before we safely destroy them.
- If your e-mail address is provided (optional) your order is confirmed when it arrives to us. In the confirmation we also give you an expected delivery date for the transferred images.
- Our deliveries are sealed and specifically produced and personalized. According to rules on distance selling you do not have the right to cancellation of contract. When performing our services we handle personal data on behalf of the customer. For more information and current conditions visit our website, section "F.A.Q" (Frequently Asked Questions).
